

Volunteer Visitor LA

#NoAmputeeNeedCopeAlone

The Limbless Association's one-to-one peer support service for amputees

Amputees Supporting Amputees

Limbless Association

#LifeBeyondLimbLoss

The Limbless Association provides free support for amputees, pre- and post-amputation, by phone and online, through our Volunteer Visitor peer support service.

Would you like to speak with another amputee?

Our Volunteer Visitors are experienced amputees who are here to help you. They share their knowledge and understanding of limb loss with anyone pre- or post-amputation who feels they could benefit. Request a phone or virtual visit through our online form by scanning the QR code or by calling our helpdesk team.

Become a Volunteer Visitor

Are you an experienced amputee who wants to support other amputees?

We are looking for volunteers aged 18+ and 2 years post-amputation to join our friendly team so no amputee need cope alone. Call us, or scan the QR code to find out more about our next information session for prospective volunteers.
